In 1626,
Christoph
published
the rosa

Modern maps,
especially route maps
for Transit systems,use
infographic techniques
to integrate a variety
of information.

In 1786, William
playfair
published the
first graphs
book

In 1958 ,
Stephen Toulmin
proposed a
graphical
argument.

Induce the
viewer to think
about the
substance rather
than about
methodology.

In newspapers,
infographics are
commonly used
to show the
weather as well
as maps.

Subaa infographics

Each of these can
be utilized in its own
way to represent
relationships
between different
types of data

Statistical
distributions reveal
trends based on how
numbers are
distributed.

The visual
consists of
colors and
graphics

Infographics
are effective
because of
their visual
element

Another
statistical
distribution
approach to
visualise
multivariate data.

When the
varieties of
factors listed
above are taken
into
consideration
